ABOUT PENN HIGHLANDS HEALTHCARE

- An eight-hospital system with one mission: to improve regional access to primary care and advanced health service, while supporting quality of life for our community members.
- Community teaching hospital.
- One-on-one training with attending physicians.

Between 2018 and 2022, Penn Highlands Healthcare is implementing a \$111 million Master Facilities Plan designed to enhance access to critical services and advanced care for the residents of Northwestern/Central Pennsylvania. The Master Facilities Plan triggers more than eight major expansion and renovation projects to modernize, improve and expand upon the services we offer patients.

PENN HIGHLANDS HEALTHCARE SPORTS MEDICINE FELLOWSHIP PROGRAM

is a one-year program that provides opportunities for future physicians to be able to consistently and accurately evaluate, diagnose, and manage patients presenting with primary care sports medicine illnesses and injuries.

The program accepts one new fellow who has recently completed a residency program in emergency medicine, family medicine, internal medicine, pediatrics or physical medicine and rehabilitation.
