THE TOXICOLOGY LABORATORY OFFERS

PH Connellsville Toxicology Laboratory is committed to providing rapid, accurate and reliable toxicology services that clinicians trust. We work with health care providers who focus in various areas including pain management, substance use disorder, behavioral health, primary care, and more.

PH Connellsville Toxicology Laboratory utilizes state-of-the art equipment:

- CLC720 Analyzer for presumptive testing.
- Agilent 6420 Triple Quad LC/MS/MS for quantitative testing.

The instruments provide the most definitive and accurate results.

PH Connellsville Toxicology Laboratory is CLIA certified.

WHY CHOSE THE PH CONNELLSVILLE TOXICOLOGY LABORATORY?

PH Connellsville Toxicology Laboratory is equipped to collect urine drug screen specimens according to local, state and federal regulations. We are committed to your success and ready to offer you:
