

PENN HIGHLANDS STATE COLLEGE

**Building.
Expanding.
Advancing.**

The hospital of tomorrow is coming to State College!

**Projected opening:
Summer 2024**

Convenient location with easy access.

239 Colonnade Boulevard
State College, PA

Penn Highlands Healthcare is bringing some of Northwestern/Central Pennsylvania's best healthcare to Centre County. Construction is underway for a new \$70 million hospital and medical office building in State College. The new hospital will provide the same high level of skilled and compassionate care offered by the other eight Penn Highlands Healthcare hospitals. The Medical Office Building will be located adjacent to the hospital to provide convenient outpatient services for the entire family.

Penn Highlands State College (Hospital)

- Patient-centric design and atmosphere.
