WHY CHOOSE PERSONAL CARE?

Personal Care was developed to establish a community of mature adults who are able to enjoy life to its fullest potential with 24-hour caregivers for peace of mind that assistance is near, while maintaining their independence.

The emphasis of Personal Care is to provide each resident assistance with their daily routine, such as dressing, bathing, grooming, dining, medication administration and medical care coordination. Focus is on social, recreational, spiritual and educational activities. Independence is encouraged and never hindered, our personal care enhances self-esteem and encourages a fulfilling lifestyle.
