

# ACUTE INPATIENT PROGRAM

## *Acute Inpatient Rehabilitation*

### THE PROGRAM

**The Inpatient Rehabilitation Center of Penn Highlands DuBois** is the only licensed inpatient rehabilitation hospital in our five-county region (Cameron, Clearfield, Elk, Jefferson and McKean). This means that patients receiving care here receive a therapy program tailored to their needs, goals and abilities; the highest level of nursing care; daily visits and overall care are performed and managed by a physician who specializes in Physical Medicine and Rehabilitation; and access to the most advanced rehabilitation care in our area.

We take pride in serving our community and strive to provide the highest quality care for you and those you love. Our outstanding patient outcomes and excellent patient satisfaction ratings consistently prove that our physical, occupational and speech therapy programs are the best in the region. We can also help you find the outpatient therapy program closest to your home so you can continue your recovery after your inpatient stay is completed.

**The Inpatient Rehabilitation Center** has been providing exceptional inpatient care for decades:

- Rehab patients have achieved outcomes in the top ten percent.
- Rehab patients return home quicker, stronger and more independent than other settings.
- Rehab patients receive a minimum of three hours of intensive therapy a day.
- Rehab patients have a dedicated staff of nurses, physical therapists, occupational therapists and speech language pathologists working with them each day.
- Rehab physicians monitor care and work closely with nursing and therapy to assure quality care and great outcomes.
- Rehab patients are supported by all of Penn Highland's award-winning services during their rehab stay and following their rehab stay.
- Rehab patients say they would recommend our services to their friends and family members.
