

SANDEEP BANSAL, MD, FCCP, FACP PULMONARY & CRITICAL CARE

Sandeep Bansal, MD, is the Medical Director of The Lung Center and Interventional Pulmonology at Penn Highlands Healthcare. He has extensive training and experience in minimally invasive pulmonary procedures. A principal investigator of several clinical research trials and a journal reviewer for several medical journals, he has been instrumental in developing a comprehensive lung center that allows a rapid assessment and management of healthcare needs based on the population characteristics and available resources. The model has been very successful in bringing advanced pulmonary services, including the latest technology and population health services such as a robust lung cancer screening program, to support the clinical needs in the region.
