Our Pharmacists serve as an essential part of your healthcare team.

WE OFFER

- Personal pharmacist counseling on all of your medication needs and questions.
- Medication Therapy Management or Complete Medication Reviews can be arranged. Our pharmacists can review your medications with you to discuss how to take your medications properly, what to expect, and potential adverse effects.
- Counseling regarding the destruction of unwanted or expired medications is available. We can provide education on how you can properly destroy medications and options to drop them off at local destruction locations.
- We can help you find cost savings alternatives and manufacturers' savings cards, when applicable.

AUTO REFILLS

Automatic refills of routine medications are performed at your request.

BUBBLE PACK MEDICATION

Special packaging in bubble packs is a free service. We will package all of your chronic medications, obtain refills and have these packages ready for you automatically.

VACCINES

Vaccination services are provided here. We offer immunizations of the following: COVID, flu, shingles, tetanus/diphtheria, whooping cough and pneumonia. Other vaccines are available upon request.

GIFT SHOP

We support local businesses such as Hockman Candy, Gardners Candies, Blair Candy, along with other seasonal items.
