

PENN HIGHLANDS STATE COLLEGE

Growing.
Expanding.
Advancing.

The hospital of tomorrow is coming to State College!

Projected opening:
Summer 2024

Convenient location with easy access.

239 Colonnade Boulevard
State College, PA

Penn Highlands Healthcare is bringing Northwestern/Central Pennsylvania's best healthcare to Centre County. Construction is underway for a new \$70 million hospital and medical office building in State College. The new hospital will provide the same high level of skilled and compassionate care offered by the other eight Penn Highlands Healthcare hospitals. The Medical Office Building will be located adjacent to the hospital to provide convenient outpatient services for the entire family.

Penn Highlands State College (Hospital)

- Patient-centric design and atmosphere.
- One of the most technologically advanced hospitals in the region.
- Innovative therapies for advanced care.
- Outstanding amenities for convenience and comfort.
- World-class Emergency Department with 10 private treatment rooms and a trauma room for prompt assessment and expert care.
- State-of-the-art Surgical Department with three high-tech operating suites and an Endoscopy Procedure Room.
- 18 modern, private inpatient rooms.
- Medical Imaging Department that utilizes the latest technology for the sharpest images
- Pulmonary Function Lab for expert screening, diagnosis and treatment.

Advanced Medicine. Here.

PENN HIGHLANDS HEALTHCARE

In addition to the Penn Highlands State College hospital and medical office building, the \$180 million Penn Highlands Healthcare Master Facilities Plan includes:

- Penn Highlands DuBois Emergency Department/Patient Tower – The five-floor tower will feature 30 Emergency Department bays, a 12-bed Observation and Clinical Decision Unit and four-bay vertical care fast-tracking area which will enable the ED to create a Level II trauma center.
- The Stern Center for Behavioral Health, a new state-of-the-art hospital offering an unparalleled therapeutic approach to promote stabilization and help children and adolescents manage their emotions and deal with life situations.
- Penn Highlands DuBois West Wing Annex – Features will include a new Ambulatory Surgery Center, a physicians' lounge, administrative offices and conference rooms, as well as new food service areas. Space allows for future expansion of the Maternal and Child Center Maternity Department, The Heart Center and Cardiopulmonary Services
- Penn Highlands Clearfield Emergency Department Renovations — a modernization to improve safety and patient flow.
- Brookville Medical Office Building – A three-story office building for primary and specialty care super clinics for multiple providers.
- Pinecrest Manor – Updates to all resident rooms and public areas with new furnishings and convenience features.

Other recent projects include new Community Medical Buildings in Clarion and Punxsutawney.

State College Medical Office Building
