

THE LUNG CENTER

SANDEEP BANSAL, MD

MEDICAL DIRECTOR, THE LUNG CENTER AND INTENSIVE CARE SERVICES AT PENN HIGHLANDS HEALTHCARE DUBOIS

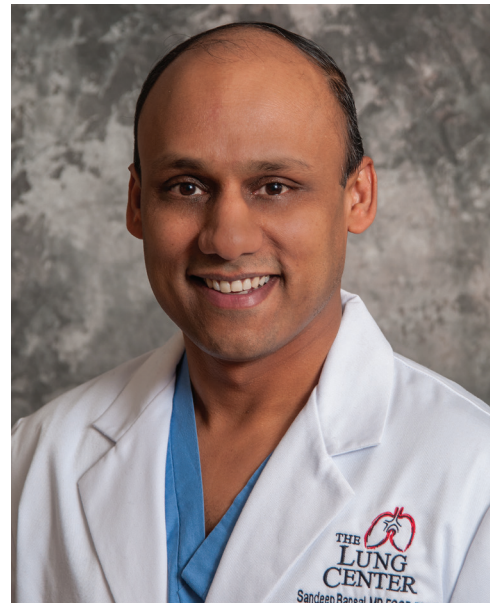

CLINICAL ASSISTANT PROFESSOR, TEMPLE UNIVERSITY SCHOOL OF MEDICINE

BOARD CERTIFIED IN PULMONARY MEDICINE, CRITICAL CARE MEDICINE AND INTERNAL MEDICINE

Sandeep Bansal, MD, FCCP, FACP joined Penn Highlands Healthcare DuBois in 2011 in the Department of Pulmonary and Critical Care Medicine.

He is board-certified in internal medicine, pulmonary disease and critical care medicine. He has extensive experience in advanced pulmonary procedures including electromagnetic navigational bronchoscopy, bronchial thermoplasty, thoracic ultrasound (endobrochial and chest sonography), argon plasma coagulation, cryotherapy, airway stenting and indwelling pleural catheters for recurrent pleural effusions. He has advanced training in interventional and advanced diagnostic bronchoscopy, which was part of his fellowship training and the training at ThoraxKlinik in Heidelberg, Germany. He has experience in the new technologies including endobronchial valves for broncho-pleural fistulas, cryo spray application using the Trufreeze system and probe-based confocal endomicroscopy.

Dr. Bansal has been involved in the development of

THE LUNG CENTER

a rapid assessment and demand management model that increases the availability of advanced pulmonary services with a successful comprehensive lung center to support these clinical services in the region.

He has academic appointment as a clinical assistant professor with Temple University School of Medicine, Philadelphia, PA. His clinical and research interests include lung cancer, bronchial asthma, COPD, pulmonary hypertension, pulmonary fibrosis, ARDS, sepsis, shock and are most focused on advanced diagnostic and therapeutic bronchoscopy.

Dr. Bansal was the first physician in the State of Pennsylvania to perform bronchial thermoplasty for severe asthma after it was approved by FDA. He has been named one of the top physicians in the USA and has been awarded the fellowship of American College of Physicians (FACP) and American College of Chest Physicians (FCCP). He received the proclamation award from the Governor of the State of Pennsylvania in 2014 for outstanding achievements in pulmonary medicine and a philanthropic pledge award of \$300,000 towards the advancement of The Lung Center from the Dennis D. and Rose E. Heindl Trust of PA.

Dr. Bansal envisions a rapid growth of pulmonary medicine to address the considerable unmet clinical needs of the field especially around the early detection and treatment of lung cancer.

Treatments and Services

- Advanced diagnostic and therapeutic bronchoscopy
- Interventional Pulmonary Medicine
- Thoracentesis
- Pleurx catheter placement
- Pleurodesis
- Management of complex illnesses such as shock, respiratory failure, ARDS, pneumonia, pulmonary hypertension, life threatening drug overdoses, electrolyte imbalances etc.
