Gifts from the heart
An inscription of your choice is a lasting recognition showing your support of Brookville Hospital. We encourage you to consider purchasing an addition to the Tree-of-Life for these important reasons:

1. Your gift will benefit Brookville Hospital, the area and its people with improved services, close to home convenience, and modern equipment.

2. Your gift will be recognized on the Tree-of-Life as a permanent memorial to a loved one for all patients and visitors to recognize your support.

3. Contributions to Brookville Hospital qualify as a charitable donation under section 501 (c) (3) of the Internal Revenue Code.

Thank you for your interest in Brookville Hospital’s Tree of Life, which publicly salutes those who have generously supported Brookville Hospital since 1984. The Tree adorns a prominent spot in the hospital lobby.

All donors who contribute a cumulative total of $500 or more within a calendar year are permanently recognized on the tree according to the giving level. Every year the donor meets the $500 or more level, their name will be added to the tree.

The Tree-of-Life with its Leaves, Birds and Stones, serves as a permanent reminder to all visitors and patients of those individuals, businesses and families who have supported Brookville Hospital through this charitable program.

General contributions, memorials and tributes of $500 or more will be recognized as a bronze leaf on the Tree-of-Life.

For a contribution of $1,000 or more, a Songbird can grace the Tree-of-Life, or you can choose a bronze Dove for a contribution of $2,000 or more.

A contribution of $10,000 or more will be recognized on a bronze Stone at the base of the Tree-of-Life.
