

## A Message from CEO Raymond Graeca

### Employee Discounts

**W**hen you are here, you are working to make our patients' experiences the best they can be. Some days, however, you may be here in a different capacity - you may be the patient.

To thank you for what you do, Penn Highlands Healthcare provides its employees with a discount on services as a benefit of employment.

In case you aren't familiar with this discount, here are the details:

- A 25 percent discount is offered for employees and their immediate family. Immediate family is defined as spouses and children until age 18 or older if the parent still claims them as a dependent on their taxes.
- The 25 percent discount applies to co-pays and costs for services provided by Penn Highlands Healthcare hospitals, QCares, physicians and providers who work directly for Penn Highlands Healthcare through the Penn Highlands Physician Network, and physicians and providers of the Penn Highlands Medical Group (Pediatrics, OB/Gyn, Podiatry, ENT, Plastic and Reconstructive Surgery and the Walmart Clinic.).

How would a staff member know you are an employee? Tell the receptionist when you are checking in.

It's a simple process, and we know you appreciate this discount as much as we in administration appreciate you.

*Please note: It does not apply to pharmacy items/prescriptions from the Penn Highlands Community Pharmacy.*
