

# INTRODUCTION TO HEALTH CAREERS COURSE

*Penn Highlands DuBois*

**Providing high schools student the chance to interact with professionals in a health care setting.**

Penn Highlands DuBois is offering a course designed for high school juniors and seniors to introduce different professions in a health care environment allowing the students the opportunity to engage directly with them.

The professionals will share their thoughts with the students about pros, cons and different aspects of their profession, and when possible, give a tour of the department providing the student with an interactive experience demonstrating the equipment utilized within the specialized department.

**Each Wednesday in February  
5:00 PM to 7:00 PM**

There is NO COST for this course.

**Parent and student must attend sign up night.**

The course is open to juniors and seniors at DuBois Area High School, DuBois Central Catholic and Brockway High School.

**Limited to 20 students per track**
